

AUDITORS' REPORT

To the Board of Directors of
AIG Trustee Company (India) Private Limited

Trustees to
AIG GLOBAL INVESTMENT GROUP MUTUAL FUND
AIG WORLD GOLD FUND

1. We have audited the attached balance sheet of AIG GLOBAL INVESTMENT GROUP MUTUAL FUND - AIG WORLD GOLD FUND (the 'Scheme') as at March 31, 2010 and also the revenue account for the year ended on that date annexed thereto. These financial statements are the responsibility of the management of AIG Global Asset Management Company (India) Private Limited, the Scheme's asset managers. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. We report that:
 - i. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - ii. The balance sheet and revenue account dealt with by this report are in agreement with the books of account.
 - iii. In our opinion, the balance sheet and revenue account dealt with by this report have been prepared in conformity with the accounting policies and standards specified in the Ninth Schedule to the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 (the 'SEBI Regulations').
 - iv. In our opinion, and on the basis of information and explanations given to us, the methods used to value non traded securities as at March 31, 2010 are in accordance with the SEBI Regulations and other guidelines issued by the Securities and Exchange Board of India as applicable and approved by the Board of Directors of AIG Trustee Company (India) Private Limited, and are fair and reasonable.
 - v. In our opinion, and to the best of our information and according to the explanations given to us, the said financial statements give the information required by the SEBI Regulations as applicable and give a true and fair view in conformity with the accounting principles generally accepted in India:
 - a) in the case of the balance sheet, of the state of affairs of the Scheme as at March 31, 2010; and
 - b) in the case of the revenue account, of the surplus for the year ended on that date.

SCHEDULES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2010**SCHEDULE 8****Notes to the Financial Statements for the year ended March 31, 2010.****1. Organisation**

AIG World Gold Fund (the "Scheme") is an Open ended Fund of Funds Scheme of AIG Global Investment Group Mutual Fund (the "Fund") and was launched on April 15, 2008. AIG Global Investment Group Mutual Fund has been sponsored by AIG Capital Corporation. AIG Global Asset Management Company (India) Private Limited ("AIG AMC" or the "AMC") incorporated under the Companies Act, 1956 has been appointed as the asset management company. The duration of the Scheme is perpetual. The Scheme closed for initial subscription on May 14, 2008. The investment objective of the Scheme is to provide long term capital appreciation by investing predominantly in units of "AIG PB Equity Fund Gold". The Scheme may, at the discretion of the Investment Manager, also invest in the units of other similar overseas mutual fund schemes. The Scheme may also invest a certain portion of its corpus in debt and money market securities and/or units of debt/liquid schemes of Mutual Funds, in order to meet liquidity requirements from time to time. The Scheme has two options - Growth & Dividend option. The Scheme will not declare dividend under the Growth Option. The income earned on such units will remain invested within the Scheme and will be reflected in the net asset value of the respective Options.

With effect from June 5, 2009 AIG PB Equity Fund Gold (the underlying scheme of AIG World Gold Fund) has been renamed as Falcon Gold Equity Fund.

2. Significant Accounting Policies

The financial statements are prepared on the accrual basis of accounting, under the historical cost convention, as modified for investments, which are 'marked-to-market'. The significant accounting policies, which are in accordance with the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 (The SEBI Regulations) and have been approved by the Board of Directors of the AMC and the Trustee, are stated below. The accounting policies have been consistently applied by the Scheme except for the changes in accounting policy discussed more fully below:

Changes in Accounting Policies:**a) Change in the method of recording of unit premium reserve (UPR):**

Pursuant to SEBI Circular no. SEBI/IMD/CIR No. 18/198647/2010 (the 'SEBI circular') dated March 15, 2010; the Scheme has, with retrospective effect, changed its method of computation of UPR to reflect the balance of un-distributable surplus in UPR balance.

Refer note 16 below for the impacts on the closing UPR balance, had the Scheme continued to use the earlier basis of computation of UPR.

b) Change in the method of income equalization reserve: (IER):

As explained in (a) above, pursuant to the SEBI Circular dated March 15, 2010, the Scheme has changed its method of computation of income equalization reserve. Accordingly, when units are issued or redeemed, net asset value less face value and appropriation towards unit premium reserve, if any, for the transacted units, from the beginning of the accounting year up to the date of issue or redemption of such unit is transferred to / from the income equalisation account. Upon issue and redemption of units below par, the net discount is apportioned to income equalisation reserve.

The purpose is to ensure that the per unit amount of the continuing unit holders' share of the undistributed income / loss remains unaffected by the movement in unit capital. At the year end, the balance in the equalisation account is transferred to the Revenue Account.

Refer note 16 below for the impact on the closing reserve fund balance, had the Scheme continued to use the earlier basis of computation of UPR.

2.1. Determination of net asset value

The net asset value of the units of the Scheme is determined separately for units issued under the Plans after including the respective unit capital and reserves and surplus, and reducing net deficit and accumulated discount, if any.

For reporting the net asset values, the daily income earned, including realised profit or loss and unrealised gain or loss in the value of investments, and expenses incurred by the Scheme, are allocated to the Plans in proportion to their respective daily net assets as at the end of the immediately preceding day.

2.2. Unit Capital, Unit Premium Reserve and Income Equalization

Unit capital represents the net outstanding units as at the Balance Sheet date.

Upon issue and redemption of units, the net premium is apportioned between UPR and Income Equalisation Reserve (IER) in accordance with regulations and guidelines prescribed by SEBI.

When units are issued or redeemed, net asset value less face value and UPR per unit, for the transacted units, from the beginning of the accounting year up to the date of issue or redemption of such unit is transferred to / from the income equalisation account. Upon issue and redemption of units below par, the net discount is apportioned to income equalisation reserve in accordance with regulations and guidelines prescribed by SEBI.

The purpose is to ensure that the per unit amount of the continuing unit holders' share of the undistributed income / loss remains unaffected by the movement in unit capital. At the year end, the balance in the equalisation account is transferred to the Revenue Account.

2.3. Investments

Accounting for investment transactions :

Purchase and sale of investments are recorded on the date of the transaction, at cost and sale price respectively, after considering brokerage, commission, securities transaction tax and fees payable or receivable, if any. The front end fee receivable, if any, is reduced from the cost of investment.

Purchase of investments in units of overseas mutual fund are accounted at the exchange rate on the date of transaction.

Valuation of investments :

- Investment in Overseas Mutual Fund units are valued at the closing NAV of the overseas mutual fund scheme. This NAV is converted in Indian Rupees at the RBI reference rate as on the valuation date.
- Investment in Mutual Fund units are valued at last declared net assets value (NAV) per unit.

Investments in fixed income securities are valued as follows:

- Traded Debt Securities (other than Government Securities) are valued at the closing market price as on the date of valuation, provided there is an individual trade in that security in marketable lot.
- Non-traded / thinly traded / unlisted debt securities of upto 182 days to maturity are valued at cost or last valuation price (in case of securities having maturity period of more than 182 days at the time of purchase) plus the difference between the redemption value and the cost or last valuation price spread uniformly over the remaining maturity period of the instrument.
- Non traded / thinly traded / unlisted debt securities of over 182 days to maturity are valued in good faith by the investment manager on the basis of valuation principles laid down by the SEBI. The approach in valuation of a non-traded / thinly traded / unlisted debt security is based on the concept of using spreads over the benchmark rate to arrive at the yields for pricing the security.
- Floating Rate Notes ('FRN') - There are no valuation guidelines prescribed by SEBI for Valuation of Non Traded / Thinly Traded and Unlisted Floating Rate Debt Securities. These securities are valued as determined by the AMC based on policy as approved by the Board of Trustees.
- Money Market - Money Market Instruments (consisting of commercial papers, certificate of deposit, treasury bills and CBLOs) are valued on the cost plus straight line amortization basis accrual.
- The securities with call option are valued at the lower of the value as obtained by valuing the security to final maturity and valuing the security to call option. In case there are multiple call options, the lowest value obtained by valuing to the various call dates and valuing to the maturity date is taken as the value of the instrument.
- The securities with put option are valued at the higher of the value as obtained by valuing the security to final maturity and valuing the security to put option. In case there are multiple put options, the highest value obtained by valuing to the various put dates and valuing to the maturity date is taken as the value of the instruments.
- The securities with both Put and Call option on the same day would be deemed to mature on the Put/Call day and would be valued accordingly.
- All other investments are stated at their fair value as determined in good faith by the AMC in accordance with the SEBI Regulations and reviewed by the Trustee.
- Following the issue of the 'Guidance Note on Accounting for Investments in the Financial Statements of Mutual Funds' by the Institute of Chartered Accountants of India (ICAI) (pursuant to the Eleventh Schedule of the Regulations) net unrealized appreciation / depreciation in the value of investments is determined separately for each category of investments. In terms of the Guidance Note, the change in the net unrealised loss, if any, between two balance sheet dates is to be recognised in the revenue account and the change in net unrealised gain, if any, is to be adjusted in an unrealised appreciation reserve. The Scheme has, however, recognised the change in net unrealised appreciation /depreciation, if any, between two Balance Sheet dates in the Revenue Account. At the end of the financial year, the balance in the Revenue Account including change in the net unrealised appreciation or depreciation in the value of investments is transferred to Reserve Fund and the amount of net unrealised appreciation included in the Reserve Fund, as at the financial statement date, has been disclosed in the Reserve Fund schedule. The unrealized appreciation is reduced from the distributable income at the time of income distribution. Further, the loss on investments sold/transferred during the year is charged to the revenue account instead of being first adjusted against the provision for depreciation, if already created in the prior period, as recommended by the Guidance Note. However, these do not have any net impact on the distribution surplus for the period and the net assets of the Scheme.

2.4. Revenue recognition

- Income on investments is recognized on accrual basis except where there is uncertainty about ultimate recovery/ realization. Such income is recognized when the uncertainty is resolved.
- Interest on fixed income securities and CBLO is recognized as income on a daily basis over the period of holding. Interest paid for the period from the last interest due date up to the date of purchase, is not treated as a cost of purchase, but debited to interest accrued but not due account while interest received at the time of sale for the period from the last interest due date up to the date of sale is not treated as an addition to sale value but credited to interest accrued but not due account.
- Profit or loss on sale of investments is determined on the basis of the weighted average cost method.
- The discount or premium, if any, to the redemption value of debt securities is amortised and recognized as interest income or expense as the case maybe over the maturity period.

2.5. Load

All Load including Contingent Deferred Sales Charge ('CDSC') upto July 31, 2009, charged at the time of purchase and sale of units, is being utilized towards meeting marketing and distribution expenses.

In accordance with the requirements specified by the SEBI circular no. SEBI/IMD/CIR No.4/168230/09 dated June 30, 2009 no entry load has been charged for purchase / additional purchase / switch-in accepted by the Fund with effect from August 01, 2009. Similarly, no entry load has been charged with respect to applications for registrations under systematic investment plans/systematic transfer plans accepted by the Fund. With effect from August 1, 2009 exit load up to 1% charged at the time of sale of units is being utilized towards meeting marketing and distribution expenses. Exit load charged in excess of 1% is being credited to the respective schemes immediately as per SEBI regulation.

Unutilised amount of load is being carry forward to the subsequent years unless the same is considered to be in excess by the AMC / Trustee. Such excess amount is credited to other income.

3. Investment Management and Advisory Fees

The Scheme has paid or provided for investment management and advisory fees payable to AIG AMC for managing the Scheme at an annual rate of 0.45% (Previous Year : 0.47%) of the average daily net assets (excluding investments made by AIG AMC, investments in Fixed Deposits and intra scheme investments) recorded by the Scheme. All costs, charges and expenses incurred by AIG AMC in the administration and execution of the activities of the Scheme, except costs allowed to be charged to the Scheme under the Regulations and amendments thereto as applicable, are on their own account for which they receive investment management and advisory fees.

4. Trustee Fees

In accordance with the Deed of Trust dated December 15, 2006 between AIG Capital Corporation (the "Settlor") and AIG Trustee Company (India) Private Limited, (the "Trustee"), the Scheme has paid or provided for trustee fees payable to the Trustee at an annual rate of 0.01% (Previous Year : 0.01%) of the average daily net asset values recorded by the Scheme.

5. Custodian Fees

Citibank N.A. provides custodial services to the Scheme for which it receives custody fees.

6. Audit Fees

Audit Fees includes Statutory Audit fees and Internal Audit fees.

7. Income Taxes

No provision for current income tax has been made as the Scheme qualifies as a recognized mutual fund under Section 10 (23D) of the Income Tax Act, 1961 of India.

8. Other Expenses

Other Expenses include service tax on management fees and trusteeship fees.

14. Segment Reporting

The Scheme operates only in one segment viz. to primarily generate returns, based on Scheme's investment objective. Accordingly, no segment disclosure is required to be given in accordance with AS-17 issued by the ICAI.

15. Effects of Events at the Ultimate Parent Company

Since September 2008, AIG has been working to protect and enhance the value of its key businesses, execute an orderly asset disposition plan, and position itself for the future. AIG has entered into several important transactions and relationships with the Federal Reserve Bank of New York (the "FRBNY"), the AIG Credit Facility Trust (together with its trustees, acting in their capacity as trustees, the "Trust") and the United States Department of the Treasury. As a result of these arrangements, AIG is controlled by the Trust, which was established for the sole benefit of the United States Treasury.

AIG continually reassesses this plan to maximize value while maintaining flexibility in managing its liquidity and capital. It expects to accomplish these objectives over a longer time frame than originally contemplated.

On March 26, 2010, as part of its divestiture efforts, AIG announced that it had concluded the previously-announced sale of a portion of AIG Investments, its asset management business, to Pacific Century Group ("PCG"), the Asia-based private investment firm. The divested portion of AIG Investments has been rebranded as PineBridge Investments ("PineBridge").

AIG Global Asset Management Company (India) Private Limited and AIG Trustee Company (India) Private Limited (collectively the "India AMC Business") are one of the operating entities comprising AIG's asset management business in India. The India AMC Business was initially considered for inclusion in the PineBridge sale; however, the parties determined to defer that portion of the sale, pending resolution of various logistical, structural and regulatory matters.

AIG, PCG and PineBridge have continued in earnest discussions concerning a follow-on transaction for the purchase of the India AMC Business from AIG by PineBridge and PCG or their affiliates. It is currently the intention of AIG to divest the India AMC business on a going concern basis.

AIG Global Asset Management Company (India) Private Limited remains adequately capitalized. The management of the Scheme has assessed the impact of these events and believes that the above events do not affect the Fund's ability to continue as a going concern. It accordingly does not require any adjustments to the carrying value of the assets and liabilities of the Scheme as of the closing balance sheet date.

16. The SEBI Circular dated March 15, 2010, clarified the method of calculation of unit premium reserve ("UPR"). Further, The SEBI Circular restricted the use of UPR for the purpose of dividend distribution. In view of the clarification provided by the SEBI Circular, with a view to reflect the UPR balance in accordance with the SEBI Circular, UPR has been recomputed since inception by the Scheme. Further, up to March 14, 2010 UPR was considered as available for dividend distribution. This change in accounting policy does not have any impact on the net asset values declared in the past for the Schemes and has only resulted in inter-se adjustments between UPR and Reserve Fund (RF).

The following table summarizes the impact on the balances of UPR and the RF as on March 31, 2010 due to re-computation of UPR as stated above and utilization of UPR for dividend distribution since inception up to March 14, 2010, if any

(In Rupees)

Balance as per current method		Balance as per Revised method		Change in balance		Utilisation of UPR for dividend distribution since inception till March 14, 2010
UPR	RF	UPR	RF	UPR	RF	
(164,441,679)	360,451,151	(84,088,430)	280,097,902	80,353,249	(80,353,249)	-

17. Prior Year Comparatives

These financial statements have been prepared for the period from April 01, 2009 to March 31, 2010, where the previous period was from April 15, 2008 to March 31, 2009. The corresponding figures for the previous period are not comparable with those for current year. The previous period figures are regrouped / rearranged wherever necessary.
